PLEASE INCLUDE \$5 SHIPPING PER ORDER. Please make checks payable to "Rick Leach." I can now take PAYPAL. Email me with your order or questions and we can take care of it from there! (RL91724@verizon.net)

Decal sets listed in the catalog are available and stocked in limited quantities. If a set runs out, I will run more to fill the order, though it may take a few extra days. Some new sets will be run by an outside screen company on a limited run basis, but that will allow certain colors not possible up to now. The Northern Pacific diesel mega-set will be the first of these new sets. Thanks for your support! ....Rick Leach

The same artwork used for these decal sets has been used on at least five ACTUAL caboose restorations, including the NP 24 foot caboose at the entrance of the MINNESOTA TRANSPORTATION MUSEUM in St. Paul, Minnesota. The latest caboose painted is the pre-1951 lettering on 1238 at the NORTHERN PACIFIC MUSEUM in Toppenish, Washington. Needless to say, enlarging artwork to full size is the ultimate test of our accuracy. The other decal companies' work could never pass this full size test!
